SUMMER SCHOLARS

Awesome Students Doing Awesome Things!

It's story time! Here is a momma duck and if you look closely you will see two of her babies. They are getting pretty big now so she let's them wonder all of the museum property here in Somesville. Do you have ducks where you are? Have you read any stories about ducks? There is a very famous story about ducks called, Make Way for Ducklings by Robert McCloskey. You can visit Your local library and read books about all sorts of animals. Then you can write a book report. You can use the one I have given you or make your own. I would love to see it!!
