

SUMMER SCHOLARS

2-Blue 3-Yellow 4-Red 5-Green

Our guest author this week is Teddy!!!

Once there was a boy who met an alien poodle. The boy had never seen an alien poodle. the alien poodle had a green tail, green eyes, and mouth and tail. The rest of him was red. For the rest of the day they played until the alien poodle had to leave.

Here is a poodle drawing I found. Can you make this poodle look like Teddy's alien poodle?

If you write a cool story like Teddy did, be sure to send it to me. I think Teddy is a pretty great story teller!

Here are some high frequency words for you to practice reading and writing.
